DAY 1: Murmansk, gate to Arctic

Arrival at Murmansk. Meet & greet at the airport. Murmansk is the largest city in the world north of the Arctic Circle. Founded in 1915 as a supply port in World War I, it was a base for the British, French, and American expeditionary forces against the Bolsheviks in 1918. Visit museum of icebreaker "Lenin", the first nuclear icebreaker in the world! Murmansk played an important role as a Russian trade link with the Allies during the Second World War II. Various supplies were brought to the city with the help of the Arctic convoys. Murmansk was heavily damaged during the war. It was restored in the beginning of the 1950ies. After lunch in the city, transfer to Saami village (170 km). Accommodation in a comfortable wooden house, deluxe room with en-suite facilities.

Lovozero is the top destination of the Kola Peninsula for Aurora Borealis viewing, there are very high chances to observe it directly at the eco lodges. However we recommend to spend at least 3 nights here to maximize the chances of Aurora Borealis viewing, and due to remoteness of the location.
