Day 1: Welcome to Kamchatka!

Meet and greet at the airport. Transfer to the **hot springs resort** in Paratunka village. Check-in. Free time.

Kamchatka, an amazing corner of a huge country. Rare animals, unique vegetation, power of the Pacific Ocean, grandness of volcanoes, active or extinct, hot springs and unspoiled nature. There are no words to convey the severe and unusual beauty of this northern land. Come and see with your own eyes!

Your hotel is located in the resort area of Paratunka village, famous for its natural geothermal sources.

Today you'll have time to have rest before your Kamchatka adventures and enjoy outdoor swimming pool with **hot thermal water**.

Day 2: Mutnovsky volcano trek

Breakfast. Jeep-tour to the foot of **Mutnovsky volcano**, one of the largest volcanoes in South Kamchatka with a complex structure and a long history of development.

It is considered to be one of the most spectacular volcanoes in Kamchatka and is famous for its active steam-gas activities, which tourists from all over the world come to see.

Trekking to the top. During trekking, you will see volcanoes and picturesque landscapes. Picnic.

Trip to the "**Opasniy**" **canyon** formed by soft rocks. There is a glacier at the bottom of the canyon, and an indescribably beautiful 80 meters high waterfall falls from the sheer cliff of a canyon.
Transfer back to the lodge.

Day 4: Mini valley of geysers

Breakfast.

Transfer to the Mutnovsky geothermal power station by specially prepared off-road vehicles. The road runs across the Vilyuchinsky mountain pass, which offers stunning views of the Vilyuchinsky and Mutnovsky volcanoes and the valley of the river Paratunka.

The way is short and easy. In the valley we watch the pillars of steam escaping from the bowlings of the earth, explore mud pots, admire the steam-water fountain erupting at the mouth of the hot stream.

After lunch we go along the forest road to “Braids of Veronica” waterfall (second name — Calm waterfall). It is surrounded by hills and is hidden from prying eyes. The height of the waterfall is 16 m, stream width — 6 m.

In the valley of the Vilyucha river, hot springs are located close to the waterfall Rodnikovie, the temperature of water varies from warm to hot. Here we can stop for a rest and a swim in baths to enjoy the evening.

Transfer back to the lodge where we will taste and cook fresh red caviar

Day 5: Boat cruise

Breakfast.

We have a great team on board for a day in the sea. Enjoy **deep-sea fishing** and magnificent views on volcanoes Vilyuchinsky, Avacha and Koryak. We will see large **birds** and **seal rookeries, killer whales (orcas)**, and will catch a Big Fish, grouper or halibut!

You will visit **Avacha Bay, Russian Bay, Starichkov Island** - all the top natural attractions. All the fishing equipment you will require is on board, success is guaranteed!
Hot lunch and drinks on board.

The Starichkov Island is a nature sanctuary and protected area thanks to unique birds' rookery. It is a limited access area, as birds nest here. In total, there are 44 nested colonies of ten species of sea colonial birds, such as hatchets, cormorants, willocks, seagulls.

Transfer back to the lodge.

Day 7: City tour, the black sand beach and ethnic village

Breakfast.

Check out and transfer to Petropavlovsk Kamchatsky.

Visiting the Khalaktyrsky beach with black volcanic sand. Short city tour in Petropavlovsk Kamchatsky.

In the afternoon, we travel to the local settlement of the **Itelmen people**. Everything you see today is not a performance, but a way of life which is still preserved, passed on from generation to generation in the far east of Asia, at the base of a volcano. You will be carried through an ancient "purification" ceremony by the Chief, where you will learn about the Itelmens way of life, traditions, legends, and enjoy national dances and songs.

And there is more, if you are interested in mystical aspects of old cultures, you will be able to see an ancient ceremony of shamans, such as "circulation on coals" and walk to the ancient Valley of Spirits. Traditional Itelmen dinner will be served: fish soup, meat, herbal teas and cowberry pies.

Overnight in the hotel in Petropavlovsk Kamchatsky.

Optional tour: Kurile Lake: bears and hot river bathing

Spend a day at the magnificent and world-famous **Kurile Lake**. Take a helicopter tour to see the Russian bears during a salmon run. Iconic landmark and world-famous highlight of Kamchatka, the Kurile lake and its residents- brown bears, are just a 1 hour helicopter flight away.

Every year about three million salmon come into the lake to spawn. The enormous quantity of fish attracts bears from all around the area. This area can attract up to 200 bears at once! Fantastic and guaranteed bear viewing and best of all no crowds, like on other top bear-watching spots of the planet.

Enjoy bear viewing and watch how they fish, while an armed guard takes care of your safety. Then we take a **boat tour** on the lake, it is a great opportunity to make stunning photos. Hot picnic lunch will be provided today.

Landing at the foot of the **volcano Khodutka**. Take a **bath in a unique hot river** with water temperature of 40 °. Khodutkinsly minerals sources are considered therapeutic, they contain a large amount of silicic acid. Fly back and transfer to the lodge.

Optional tour: The Valley of Geysers and Kronotsky Reserve

Helicopter tour over **volcanoes Karymsky and Malyi Semyachik**. Volcano Karymsky, 1487m above sea level, is one of the most active giants of the peninsula. This volcano has remained active for almost 20 years!

Arrive at the **Kronotsky Reserve**, and to the most amazing place of Kamchatka, **Lake Kronotsky**. Here the lake's smooth surface perfectly reflect one of the most beautiful volcanoes of the peninsula – Kronotsky Volcano.

We fly further to the **Valley of Geysers** (flying time 1,5 hours) with our experienced pilot.

The **Valley of Geysers** is the iconic landmark of Kronotsky Biosphere Reserve and entire Kamchatka with the unique ecosystem. You will be stunned by eruption of geysers, activities of thermal fields and mud coppers.

After lunch we take a trip to a **volcano's caldera Uzon**.

Guided tour for about 1 hours, walk to acid and radonic lakes, and mud small "volcanoes".

There are several groups of thermal sites in the valley, and all of them are located in the basin of Pravaya Nalycheva River. Transfer back to the lodge.

Optional tour: Mountain jeep safari

We use specially prepared vehicles for this jeep tour to the mountains, however mind the road is bumpy sometimes.

Vachkazhets volcano and its vicinities is one of the most beautiful places of the primeval Kamchatka's nature.

We shall deliver you safely and with maximum comfort possible to the heart of the volcano.

The nature sanctuary includes a combination of picturesque landscapes, exiting geological objects, rare minerals, remains of ancient fauna, mountain circuses - the hollows in mountains which are shaped as an amphitheater formed by a glacier.

Steep rocky slopes of the massif go down to coast of the **lake Takhkolo** where the picnic will be organized.

Transfer back to the lodge.
