## Fay 1, Murmansk, eco-lodge in tundra, Northern lights hunting

Arrival at Murmansk.

Our driver will meet you at the airport and transfer to the eco-lodge on Tuloma river (about 1 hour ride). Check-in at twin room in the wooden house. Welcome to enjoy the Russian Arctic trip! Enjoy ice fishing at the frozen lake.

Optional: Russian Banya with “banchik” – special person to master the process.

After dinner prepare for your Northern Lights Hunt tonight at 10-11 pm (or the other night if the forecasts hints on better chances). Our ground team is constantly monitoring the forecast. We travel to tundra to the locations where Aurora is best seen. Tonight we will use a hoverboat-special boat able to “sail” along the frozen river Tuloma.

## Day 2: Teriberka Tour & The Ocean

Today we reach the shores of the Atlantic Ocean (Barents Sea), 75km drive. Fascinating Arctic nature is the best feature, although there are also plenty of historical and cultural highlights to visit.

Parts of the arctic flora, fauna and the splendid northern landscape, recently appeared in the famous Russian movie "Leviathan" and have started to attract more and more visitors. Here you will find yourself in the lost world on the shores of the Arctic Ocean.

Old wooden ships cemetery, beautiful sand beaches, abandoned historical part of the village, waterfall, battery of coastal defense, observation posts and strengthening of WWII. Time for lunch in the best local restaurant, featured at Gastronomical map of Russia, before we go to taste local beer in the Russia's northernmost brewery.

For a true Arctic experience, try Igloo! In this place it is absolutely dark and the light of the city does not interfere at all with a comfortable observation of the natural miracle. There is a restaurant serving Arctic meals and great seafood.

Return to the lodge

NOTE: if Teriberka road is closed, we will go to the White Sea for snowshoeing tundra trek.
