Day 2: Kurile Lake: bears and hot river bathing

Breakfast in the lodge.

Spend a day at the magnificent and world-famous **Kurile Lake**. Take a helicopter tour to see the Russian bears during a salmon run. Iconic landmark and world-famous highlight of Kamchatka, the Kurile lake and its residents- brown bears, are just a 1 hour helicopter flight away.

Every year about three million salmon come into the lake to spawn. The enormous quantity of fish attracts bears from all around the area. This area can attract up to 200 bears at once! Fantastic and guaranteed bear viewing and best of all no crowds, like on other top bear-watching spots of the planet.

Enjoy bear viewing and watch how they fish, while an armed guard takes care of your safety. Then we take a **boat tour** on the lake, it is a great opportunity to make stunning photos. Hot picnic lunch will be provided today.

Landing at the foot of the **volcano Khodutka**. Take a **bath in a unique hot river** with water temperature of 40 °. Khodutkinsly minerals sources are considered therapeutic, they contain a large amount of silicic acid. Fly back and transfer to the lodge.

Day 3: Boat cruise

Breakfast.

We have a great team on board for a day in the sea. Enjoy **deep-sea fishing** and magnificent views on volcanoes Vilyuchinsky, Avacha and Koryak. We will see large **birds** and **seal rookeries**, **killer whales (orcas)**, and will catch a Big Fish, grouper or halibut!

You will visit **Avacha Bay, Russian Bay, Starichkov Island** - all the top natural attractions. All the fishing equipment you will require is on board, success is guaranteed!
Hot lunch and drinks on board.

The Starichkov Island is a nature sanctuary and protected area thanks to unique birds' rookery. It is a limited access area, as birds nest here. In total, there are 44 nested colonies of ten species of sea colonial birds, such as hatchets, cormorants, willocks, seagulls.

Transfer back to the lodge.

Day 4: The Valley of Geysers and Kronotsky Reserve

Helicopter tour over **volcanoes Karymsky and Malyi Semyachik**. Volcano Karymsky, 1487m above sea level, is one of the most active giants of the peninsula. This volcano has remained active for almost 20 years!

Arrive at the **Kronotsky Reserve**, and to the most amazing place of Kamchatka, **Lake Kronotsky**. Here the lake's smooth surface perfectly reflect one of the most beautiful volcanoes of the peninsula – Kronotsky Volcano.

We fly further to the **Valley of Geysers** (flying time 1,5 hours) with our experienced pilot.

The **Valley of Geysers** is the iconic landmark of Kronotsky Biosphere Reserve and entire Kamchatka with the unique ecosystem. You will be stunned by eruption of geysers, activities of thermal fields and mud coppers.

After lunch we take a trip to a **volcano's caldera Uzon**.

Guided tour for about 1 hours, walk to acid and radonic lakes, and mud small "volcanoes".

There are several groups of thermal sites in the valley, and all of them are located in the basin of Pravaya Nalycheva River. Transfer back to the lodge.

Day 5: Mountain jeep safari

Breakfast.

We use specially prepared vehicles for this jeep tour to the mountains, however mind the road is bumpy sometimes.

Vachkazhets volcano and its vicinities is one of the most beautiful places of the primeval Kamchatka's nature.

We shall deliver you safely and with maximum comfort possible to the heart of the volcano.

The nature sanctuary includes a combination of picturesque landscapes, exiting geological objects, rare minerals, remains of ancient fauna, mountain circuses - the hollows in mountains which are shaped as an amphitheater formed by a glacier.

Steep rocky slopes of the massif go down to coast of the **lake Takhkolo** where the picnic will be organized.

Transfer back to the lodge.
