DAY 1: Murmansk, gate to Arctic

- *Breakfast*
- *Transfer to the airport and flight to Murmansk*
- *Arrival at Murmansk. Meet & greet at the airport, transfer to your hotel, luggage drop off and city tour. Murmansk is the largest city in the world north of the Arctic Circle. Founded in 1915 as a supply port in World War I, it was a base for the British, French, and American expeditionary forces against the Bolsheviks in 1918. We shall visit either the Naval Museum or the Historical Museum.*
- *After lunch, visit museum of icebreaker “Lenin”, the first nuclear icebreaker in the world! Murmansk played an important role as a Russian trade link with the Allies during the Second World War II. Various supplies were brought to the city with the help of the Arctic convoys. Murmansk was heavily damaged during the war. It was restored in the beginning of the 1950ies.*
- *Evening free at leisure as we prepare to the Northern Lights adventure. In good conditions, it might be possible to observe northern lights in Murmansk city itself!*

DAY 2: Lovozero // Northern Lights Hunting

- *Transfer to Lovozero village (270 km, 4-5 hours drive). Cruise to the tourist village Ulinskaya Salma (3* property) across the Lake or transfer to our sweet 4* home Northern Pearl located 12 kilometers from Lovozero village. In both options, you will enjoy premium location and cozy eco-friendly accommodation in the wooden lodges.*
- *Walking, mountaineering and water tours (seasonal) at the same time, as well as great fishing (ice fishing in winter). In this weather-dependent region your plans may always be changed due to sudden snow storm or rain, and here, at the border of forest and tundra, near lakes, rivers and beautiful forest trails where is always a place for an activity.*
- *Lovozero is the top destination of the Kola Peninsula for Aurora Borealis viewing, there are very high chances to observe it directly at the eco lodges. However we recommend to spend at least 3 nights here to maximize the chances of Aurora Borealis viewing, and due to remoteness of the location.*

NOTE: *clear skies and solar activity are the critical conditions to watch Aurora Borealis, best timing is from 8:00 pm till 2:00 am.*

DAY 3: Lovozero Explorer tour // Northern Lights Hunting

- **SEASONAL TOURS:** *guided tour to the settlement of reindeer breeders in winter, fishing and Saami people exploration in autumn. Winter tours: we shall visit the real, non-touristic camp of local nomads, whose life totally depends on deers. You will be able to witness how they survive and cope with the local climate. The tour provides amazing photo opportunities. It is possible to ride on deers and feed them. Autumn tours: amazing fishing opportunities and a visit to Saami people museum. Alternatively: guided nature walking trails and water sports (kayaks). Full day fun tour with activities in the middle of nowhere!*
- *Return to the camp. Russian Banya experience in the evening (optional, not included) and Northern Lights watching.*

DAY 4: Optional tour: Seydozero tour / Northern Lights Hunting

- *This lake located in the massif of the Lovozersky tundra is famous as mystical and mysterious place. It is considered a cradle of Giperborei, the ancient disappeared civilization inseparably linked with mythical stories and magic knowledge. Legends says that the ancient city of the Lappish shamans is now hidden from people's eyes.*
- *During the excursion on Seydozero you will surely get acquainted with one of the main sights of this place — Kuyva, a bas-relief of natural origin about 70 meters high. On a legend of Sami, Kuyva is a giant who lived in ancient times in the Lovozersky tundra. The giant plundered and killed Sami and was punished by the Lappish pagan gods – "is burned by lightning which have struck from lake waters".*
- *Picnic lunch. Return to the eco lodge.*

Your guide will take you for a lunch in a local bistro, "stolovaya" where you can try traditional Russian food.

DAY 9: *Continued,...*

Then, take a tour to see the city's iconic landmark: Isaac Cathedral, Kazan Cathedral, and visit the Church of the Savior on Spilled Blood — one of the most powerful constructions in Russian Orthodox Christian architecture; an absolutely enthralling must-see and a place where Alexander II was fatally wounded by anarchists in 1881.

DAY 10: *Continued,...*

Russian winter... Incredible, unbelievable time! Winter offers us a chance to get a truly Russian experience and take a traditional troika ride. Our hand-picked properties totally comply with international standards, have raving reviews from the previous travelers, and are located within walking distance to Red Square, Kremlin, Arbat, Bolshoi Theatre in Moscow) and Palace Square/Hermitage/Isaac's Cathedral and other attractions of the downtown in St Petersburg.
