Day 1: Arrive Vladivostok

Welcome to the capital of Primorye!

Vladivostok is one of the most picturesque and interesting cities in the Russian Far East, a mysterious entity saturated with sea salt and wind. It is a Russian city, but is it Asian or European? Is it the centre of a new world, or is it an ambitious world's end? It is a city that lets you go, but never lets you forget... Every traveller finds his own meaning in what connects him with Vladivostok. You need to try it all to discover your own connection.

Your driver will be waiting at the airport/train station to take you to the cosy hotel in downtown.

Evening free at leisure.

Your train tickets will be delivered to your hotel in advance.

Vladivostok started to grow with the Trans Siberian when the construction commenced in 189. Amazing landscapes, the ocean, historical sightseeing, naval base, active marine sports, seafood - everyone will find something appealing here, at the eastern side of Russia.

Today you will visit all major highlights: harbour, Submarine S-56, view point Eagle's Nest, Vokzalnaya Square, the monument of the Trans-Siberian Railway, Vladivostok fortress museum.

One of the highlights of the tour is of course Golden Bridge, an astonishing cable-stayed bridge across the Zolotoy Rog (Golden Horn). It is considered the world's 12th longest cable-stayed bridge.

In the evening, take a transfer to the train station to board the train to Ulan-Ude.

The largest city in the region, Vladivostok, is a full seven time zones away from Moscow, with 9,300 km of railroad between them.

The first leg of your journey will last two days.

NB: our professional guides will assist at every train station with stocking necessary snacks before each leg of the train ride and use our Trans-Siberian Manuals to pack properly and you will find it to be pretty comfortable journey.

Day 5: Ulan-Ude Tour

Early arrival at Ulan-Ude. Your driver will be waiting at the train station to take you to the cosy hotel in downtown. Guaranteed early check-in.

After breakfast, start the guided city tour. Today you visit Atsagatski Datsan, famous Lenin's head monument, and Old town.

The Buryats practice Tibetan Buddhism but, along with all other religions, this was suppressed under communism. All of the Datsans (monasteries) were destroyed and the monks sent off to the Gulags. Now they are being rebuilt. They are not as big and grand as those in Tibet, somehow they have a more homely, approachable feel to them.

The main sight of Ulan-Ude is Lenin's head monument. Every tourist who is interested in unusual monuments and amazing architecture should see this 7,7 meters-high bronze head of Vladimir Lenin. This monument is the largest head sculpture in the world.

Day 6: Discover Ulan-Ude

Unique samples of old Buryat art, as thangkas, sculptures, ritual objects are gathered and preserved at the Ivolginsky datsan. We start the day here. Among the monastery's treasures, there is a collection of old Buddhist manuscripts written in the Tibetan language on natural silk, and a greenhouse with a sacred Bodhi tree.

Proceed to Old Believers village. The Old Believers are Orthodox Christians, who maintain traditional religious way of life and follow very old religious rules. They separated from the official Russian Orthodox Church as a protest against church reforms introduced between 1652 and 1666. Saving their lives, Old Believers had to run away to Siberia and the Far East. Another name of these people — Semeyskie or Family People — was given because they moved to Siberia with their big families. These special people keep the traditions of their ancestors, many do not recognize modern technologies, medicine and internet.
