TRAINS AND CARS DESCRIPTION

General information

- ✓ In fact, there is no train called the 'Trans-Siberian Express', rather there are many trains going daily eastbound and westbound across Russia, connecting to Mongolia and then to China. You can even continue to Hong Kong, Vietnam or even Japan by a ferry. The entire system works like a Swiss watch!

Some also have Internet connections and cable television. Discovery Russia uses the best available trains for each leg of your train journey.
- ✓ Staff is always available to offer passengers hot tea or coffee, make the beds, provide all necessary information en route and hand out periodicals and safety belts to passengers.
- ✓ Each branded train also offers a range of additional paid services.
